

8th Annual Bicycle Scavenger Hunt

Presented by & a fundraiser for El Grupo Youth Cycling

1. PASEO REDONDO & ASHBURY
Look for one of the palms that has held on to all its frawns.
2. 18TH ST and I- 10
“Dude, they could totally build a skate park underneath! Really, I know, I’m so smart.” -Ignacio
3. UNIVERSITY BLVD & MOUNTAIN AVE. **(F)**
Think of this building like a molecule that they must study inside. Find the nucleus.
4. 16TH STREET & 2ND AVENUE
If you only had one, and it was this size, this whole thing would take a long time.
5. PENNINGTON & CHURCH **(F)**
Behind the old courthouse, I don’t know what it is, but I think it looks like a dead cow’s head.
6. CORTZEN & LORD **(F)**
Enjoy the neighborhood. It’s one of my favorites, which is why the only place left for this clue is behind a random fence, in a random lot, protecting a grassy spot.
7. 20TH STREET & RUBIO
If you don’t have wash board abs, just use these steel ones instead.
8. SPEEDWAY & WARREN (except DON’T USE SPEEDWAY PLEASE!!!)
Pray, however you pray, that Steve might one day ride There and Back again.
HINT: the path that goes under also leads up too 
9. CUSHING & MEYER **(F)**
The owl won’t tell you how, but if you can get inside, just look for the robot’s behind.
10. SANTA RITA & 14TH STREET
If you and your bike need a rest, this Neiman creation option would be your best.
11. DRACHMAN – BETWEEN 4TH & 5TH AVENUES **(F)**
What looks like a blue mer-man eating a PB & J? It could be Elvis, some say.
12. EUCLID & SPEEDWAY (Again, PLEASE DON’T USE SPEEDWAY or EUCLID!!!) **(F)**
The kids call it the labyrinth. Have you found your way?
HINT: 1(st) and 1(st) take you 2 the lot that leads to the spot
